

## PETROSHALE ANNOUNCES SENIOR CREDIT FACILITY INCREASE

CALGARY, ALBERTA, October 21, 2019 – PetroShale Inc. ("**PetroShale**" or the "**Company**") (TSXV: PSH, OTCQX: PSHIF) is pleased to announce that, in connection with its senior lenders' scheduled review of its credit facility and the Company's recent asset development, the borrowing capacity under PetroShale's senior credit facility has been increased to US\$177.5 million from US\$140 million. The increase reflects the material growth in PetroShale's production and reserves over the course of 2019. All other terms and conditions of the Company's credit facility remain unchanged. Management believes the increase to the credit facility provides the Company with sufficient undrawn credit capacity to allow it to carry out its planned capital program and to pursue other opportunities.

### **About PetroShale**

### **Note Regarding Forward-Looking Statements**

This press release contains forward-looking statements and forward-looking information (collectively "forward-looking information") within the meaning of applicable securities laws relating to, among other things, available aspects of management focus, objectives, strategies and business opportunities. More particularly and without limitation, this press release contains forward-looking information concerning: the sufficiency of the Company's credit facilities to complete its planned operational activities and to pursue other opportunities. PetroShale provided such forward-looking statements in reliance on certain expectations and assumptions that it believes are reasonable at the time, including expectations and assumptions concerning prevailing commodity prices, liquidity, exchange rates, interest rates, applicable royalty rates and tax laws; future production rates and estimates of operating costs; performance of existing and future wells; plant turnaround times and continued rail service to transport products; reserve volumes; business prospects and opportunities; the availability and cost of financing, labor and services; the impact of increasing competition; ability to market oil and natural gas successfully; and the Company's ability to access capital (including its senior credit facility).

Although the Company believes that the expectations and assumptions on which such forward-looking information is based are reasonable, undue reliance should not be placed on the forward-looking information because the Company can give no assurance that they will prove to be correct. Forward-looking information addresses future events and conditions, which by their very nature involve inherent risks and uncertainties. The Company's actual results, performance or achievement could differ materially from those expressed in, or implied by, the forward-looking information and, accordingly, no assurance can be given that any of the events anticipated by the forward-looking information will transpire or occur, or if any of them do so, what benefits the Company will derive therefrom. Management has included the above summary of assumptions and risks related to forward-looking information provided in this press release in order to provide security holders with a more complete perspective on the Company's future operations and such information may not be appropriate for other purposes.

Readers are cautioned that the foregoing lists of factors are not exhaustive. Additional information on these and other factors that could affect our operations or financial results are included in reports on file with applicable securities regulatory authorities and may be accessed through the SEDAR website ([www.sedar.com](http://www.sedar.com)). These forward-looking statements are made as of the date of this press release and the Company disclaims any intent or obligation to update publicly any forward-looking information, whether as a result of new information, future events or results or otherwise, other than as required by applicable securities laws.
